

Sticklers™ CleanClicker™ +1K

Fiber Optic Connector Cleaners

1.25mm CleanClicker™ +1K (MCC-CC1251K)
Cleans LC, MU and most SFP+ Transceivers

2.5mm CleanClicker™ +1K (MCC-CC2501K)
Cleans SC, FC, ST, E2000, OptiTap®

Product Features:

- Industry leader with 1,000 to 1,200 clicks per clicker
- Proprietary bundled microfiber cleaning strand cleans end faces with one click
- Static dissipative materials minimize static build up during cleaning
- Compact size, ideal for tool kits and belts
- 1.25mm version: Cleans LC and MU, APC and UPC style
- 2.5mm version: Cleans ST, SC, FC, OPTI-Tap, APC and UPC style

Sticklers™ new +1000 CleanClicker™ uses a proprietary bundled microfiber cleaning strand that yields at least 1,000 cleans per clicker. Tests confirm that each clicker delivers up to 1,200 cleans for long service life and the lowest cost per clean. Made with static dissipative materials, it prevents static buildup during tool movement that attracts dust to the end face with cleaning. Technicians will appreciate using this compact tool that leads the industry in performance and number of cleans per clicker.

For additional cleaning performance, use Sticklers™ Fiber Optic Splice & Connector Cleaner cleaning fluid for a perfectly clean fiber end face every time.

For best results, use with:
Sticklers™ Fiber Optic Splice & Connector Cleaner

Adapter Cleaning

Connector Cleaning

APC Cleaning
